DECORATED EGG BOX

This handmade paper box is shaped and decorated like a brightly painted Easter egg. We've filled it up with some of our most egg-cellent chocolates, homemade and handpacked in our candy kitchen. The box itself is two pieces; solid, reusable, and of course, refillable! No cracking or peeling necessary to get at the goodies inside, just lift the cover and enjoy. 6.5 ounces. \$17.00.

WIN OUR 3-FOOT TALL CHOCOLATE BUNNY

Hop into our store between March 1 and April 1 to see the mold we use to create this enormous bunny. We have filled the mold with chocolate malt eggs; guess the number of malt eggs inside the mold. The winner receives our 3-foot tall, pure milk chocolate rabbit.

Entries taken between March 1 and April 1, 2010. Limit one guess per entrant per visit. Closest guess wins. Random draw settles a tie.

No purchase necessary. Wilmar employees and their family members are not eligible to win.

HAVE IT YOUR WAY CHOCOLATE BASKET

We create the chocolate basket, you choose the chocolates to fill it. Start with a milk or semisweet

basket and then choose from over 40 varieties of Wilmar's homemade, hand dipped chocolates and create your custom mix. Your choice, your way. It's that simple. Prices will vary with chocolate variety and final weight, approximately \$20.00 each.

A CHOCOLATE EGGSPERIENCE

Another bit of confectionary magic from our candy kitchen - an interactive egg! Our premier chocolate buffet egg is completely sealed and looks solid. But voila! Everyone pitches in gleefully for clean up. Three sizes available: 12 oz.-\$18; 1.1 lb.-\$22.50; 2 lbs.-\$42.

THE INCREDIBLE EDIBLE EGG

How can this be? A real chicken eggshell, delightfully decorated and filled with hazelnut truffle! Peels like a hard boiled egg, but tastier when you get to the inside. Who will you surprise with this unusual egg? Imported from Germany. \$8.25 each.

Come and pick your favorite bunny from our amazing selection. Bunnies come in eight different shapes, ten different sizes, and five delicious varieties.
